PROFESSIONAL PROFILE

Pharmaceutical Chemist with over 6 years of experience in Quality Assurance and Validation within GxP-regulated environments, specializing in Computerized System Validation (CSV). I combine regulatory rigor (GMP, GLP, GDP, ISO 9001/13485) with hands-on implementation of automation and Artificial Intelligence: building workflows with n8n and Docker, integrating local LLMs (Ollama) and cloud APIs (Gemini, OpenAI, Claude), and deploying real-time data dashboards. I have led audits before regulatory agencies (ISP, INVIMA, ANVISA) and was a key contributor to the ISO 9001 and ISO 13485 certifications. Open to remote opportunities in automation engineering, applied AI, and quality systems.

PROFESSIONAL EXPERIENCE

Validation Manager · Knop Laboratorios S.A. — Apr 2022 – Present

- Lead Computerized System Validation (CSV): WMS, LIMS, electronic signatures, and custom Lotus Notes applications integrated into the QMS (protocol generation and review, supervised execution).
- Supervise equipment qualification, critical utility systems (purified water, HVAC, compressed air), and process and cleaning validation for solid, semi-solid, and liquid dosage forms.
- Integrate AI tools (Claude, Gemini, ChatGPT) into quality workflows: automated drafting of protocols, risk matrices, deviation assessments, and SOPs, achieving measurable reductions in execution time.
- Architected and deployed internal dashboards connected to manufacturing data (Google Drive), providing real-time KPIs and full process traceability.
- Develop self-hosted automation pipelines (n8n, Docker, Ollama, Edge-TTS) for content and documentation generation.

Quality Assurance Manager (Acting) · Knop Laboratorios S.A. — Apr 2022 – Present

- Manage core QMS operations: KPIs, CAPA lifecycle, complaints, supplier audits, non-conforming products, risk management, change control, and document control.
- Represent QA and Validation in regulatory inspections under GMP, GLP, and GDP (ISP Chile, INVIMA Colombia, ANVISA Brazil).
- Key contributor to achieving the ISO 9001 and ISO 13485 certifications (2023).

Technical Director (Pharmaceutical Chemist) · Ecofarmacias — 2019 – 2022

- Pharmaceutical care, staff management, and sanitary representative before the Regional Health Authority (SEREMI). Regulatory compliance and controlled-substance management.

Research Assistant, Neurobiology Laboratory · Universidad de Valparaíso — 2015 – 2017

- Research support on the mechanisms of social and addictive behaviors.

AUTOMATION & AI PROJECTS

AI Content Automation Pipeline (Multi-Agent): n8n + Docker orchestration on Oracle Cloud; Ollama (scripts), Gemini API (images), Edge-TTS (voice), FFmpeg (video), and delivery via Telegram Bot. 90% reduction in manual production time. → github.com/SebaPharma/automatic-content-text-voice-telegrambot-n8n

Self-Hosted LLM Inference Server: Ollama on Oracle Cloud Free Tier (LLaMA, Mistral); private AI at zero API cost.

GxP Manufacturing Dashboard: real-time web visualization of manufacturing KPIs connected to Google Drive data sheets.

Multi-Agent PocketFlow/OpenFlow Workflows: automation pipelines orchestrated in n8n, deployed on Oracle Cloud and Raspberry Pi.

TECHNICAL SKILLS

Automation & APIs

n8n · REST APIs · Webhooks · JSON / YAML · Binary data handling

AI & LLMs

Ollama · OpenAI API · Gemini API · Claude API · Prompt Engineering · PocketFlow · LangChain / RAG ★

Infrastructure

Docker & Docker Compose · Linux / Ubuntu (SSH, Bash) · Oracle Cloud · Raspberry Pi · Self-hosted servers

Development & Data

Python · Node.js · Git / GitHub · FFmpeg · Jupyter / Anaconda · SQL ★ · Minitab · Advanced Excel

Pharma / GxP

CSV / VSC · GMP · GLP · GDP · ISO 9001 / 13485 / 14001 · EudraLex Annex 22 (AI) · 21 CFR Part 11 · LIMS / WMS · CAPA · Risk management · Change control

★ = actively in training, building toward production-level competence.

CERTIFICATIONS (16)

Breakdown: 11 in pharmaceutical quality & GxP · 3 in Artificial Intelligence · 1 in programming · 1 in finance.

Artificial Intelligence (3)

- Claude Code in Action — Anthropic (Mar 2026)
- Certificate of Completion: Claude 101 — Anthropic (Mar 2026)
- AI for the Pharmaceutical Industry — USECAP (Sep 2026)

Pharmaceutical Quality & GxP (11)

- Computerized System Validation with GxP Impact — Formar Chile (Apr 2018)
- Spreadsheet Validation — Grupo Terra Farma (Jul 2022)
- Cleaning Validation in Pharmaceutical Manufacturing — Wackerling (Oct 2022)
- Risk Management — Grupo Terra Farma (Sep 2022)
- Quality Management & Maintaining the Validated State — Grupo Terra Farma (Nov 2022)
- GMP Auditor — Wackerling (Jun 2023)
- HPLC Software: OpenLab CDS & EZChrome Elite — ChromSupport (Jun 2023)
- ISO 9001 & 13485 Auditor — M&R Asociados (May 2024)
- Statistical Analysis for Annual Product Review — Korval Capacitaciones (Jun 2024)
- Annex 7 ISP Compliance for Pharmaceutical Water Systems — Daslabor (May 2026)
- Differential Pressure in Cleanrooms: Measurement & Control — Vaisala (Jul 2026)

Programming & Data (1)

- Introduction to Python — BiblioRedes (Sep 2023)

Finance (1)

- Technical Analysis & Trading — XTB Online Investing (Feb 2024)

EDUCATION

Pharmaceutical Chemist (Chemistry & Pharmacy) · Universidad de Valparaíso — 2012 – 2019

Continuing education: 16 professional certifications (2018–2026), primarily in pharmaceutical quality and GxP (11), complemented by AI (3), programming, and finance.

Languages: Spanish (native) · English (professional working proficiency) · Japanese (beginner, JLPT N4 target) | **Additional:** Class B driver's license · Remote-ready: self-hosted infrastructure, asynchronous collaboration, and technical documentation in English.
